## Professional Summary

Enthusiastic and detail-oriented recent graduate with a Bachelor's degree in Cybersecurity. Adept at staying abreast of the latest security trends and technologies. Possesses foundational knowledge in network security, threat detection, and incident response. Proven ability to analyze and assess vulnerabilities.

## Technical Skills

Penetration testing | Linux OS | Burpsuite| | Nessus Essentials| | Redis | Vulnerability assessment |  Network Scanning | Web Application Security  | OWASP Top 10  | **SQL injection**  | | Problem Solving | Incident Response | SEIM  | Python | IDS/IPS | EDR  | XDR | Pyhton |

## Soft Skills

Communication | Collaboration | | Problem Solving | Adaptability | Time Management | Flexible

## Education

**Bachelor of Computer Application(BCA)**
IIMT GROUP OF  COLLEGES
June 2021 -  June 2024
Computer Science

## Language

English

Hindi

Arabic

## Work Experience

### Reload digital india | Cybersecurity Analyst 🔗

January 2024 - April 2024 | Full-time Intermships

- Worked for Cybersecurity project. Network scanning, Web application testing,  Vulnerability assesment, maintenance, scalability & VAPT.
- We have conducted vulnerability assessments using industry-standard tools like Nessus and OpenVAS, identifying and prioritizing over 30 critical vulnerabilities in internal systems.
- Assisted junior analysts with penetration testing, uncovering a potential SQL injection vulnerability in a key company application.
- We analyzed network traffic using Wireshark to detect suspicious activity and investigate potential security incidents.

## Certification

### Ethical Hacking Essential   🔗

Successfully completed Ethical Hacking course from EC- Council and grateful to certify from the EC Council for completing Ethical Hacking.

### Offensive Hacking Unfolded;The beginner's Edition 🔗

This certification verifies that I have successfully completed the course Offensive Hacking unfolded.

### Cyber Security   🔗

It was a great learning experience for me at CISCO to learn cyber security. Learnt cyber security and engaged in various activities online while learning at CISCO.

### Burpsuite   🔗

This certification verifies that I have successfully completed the course Burp Suite - Go beginner to advance by comproAvi school.
